

Holy Spirit School Bray Park

Safeguarding Plan 2026

Version: V1

Last updated: 28.8.26

Our Safeguarding Commitment

As an agency of the Archdiocese of Brisbane, we have a zero tolerance for all forms of abuse and are committed to safeguarding everyone involved in its activities, ministries, and services. The safety and wellbeing of children and adults-at-risk is paramount.

Accessibility

Brisbane Catholic Education is committed to providing accessible services to people from all cultural and linguistically diverse backgrounds. If you have difficulty understanding this document, you can contact Translating and Interpreting Service National on 13 14 50 to arrange for an interpreter to translate it for you.

Acknowledgement of Country

As Indigenous and Non-Indigenous people together let us have a sense of the importance of the country upon which we are standing, where learning and ceremony has taken place over many thousands of years. Let us sense the land beneath our feet and acknowledge to whom it belongs - The Turrbal Peoples - and pay our respects to their elders and all elders, past, present and future. For we too are one in land, one in spirit, one in faith united in God's love.

(Holy Spirit School Acknowledgement of Country 2023)

Introduction

Because wherever a child or vulnerable person is safe, there you serve and honour Christ.

Pope Francis written address to the Pontifical Commission for the Protection of Minors' plenary assembly in Rome March 24-28, 2025.

Holy Spirit School Bray Park, is committed to creating environments where children and young people feel protected, valued, and heard. Safeguarding is a shared responsibility, and every child has the right to grow and thrive free from harm.

We are guided by our Christian Catholic Tradition and the teachings of Jesus Christ who advocated for the protection of children and the marginalised. Our mission to teach, challenge and transform through our educational endeavours is actioned by Catholic Social Teaching, as part of the Archdiocese of Brisbane.

The Queensland Government recently introduced new Child Safe Standards. These Standards clearly outline what child safe organisations must do to create environments where children are protected, respected and able to speak up. They focus on building safe, welcoming cultures, hearing and valuing children's voices, working closely with families, celebrating diversity, making sure the right people work with children, responding quickly to concerns, and always looking for ways to improve safety.

Throughout 2026, our school will review its compliance against the new Child Safe Standards using a phased approach in line with Queensland Family and Child Commission guidelines. We will review, self-assess and report against selected Standards each term, building towards full implementation and continuous improvement across all Standards by the end of the year. This staged process allows Holy Spirit School, Bray Park, to embed the Standards meaningfully and ensure our practices reflect the needs, voices and safety of our students.

As a Catholic school within the Archdiocese of Brisbane, we honour the Archdiocesan Safeguarding Commitment and uphold the values of Catholic education in our safeguarding practices.

This School Safeguarding Plan is developed in consultation with students, families, and employees, and is contextualised to our local school environment. It reflects our commitment to continuous improvement, cultural safety, and child-centred practice, and is supported by both Brisbane Catholic Education policies and procedures and school-specific safeguarding actions. Further Information about BCE wide practices can be accessed [here](#).

For more information or to request accessible formats, please contact the school Principal.

The Archdiocese has zero tolerance for all forms of abuse and is committed to safeguarding everyone involved in its activities, ministries, and services. The safety and wellbeing of children and adults-at-risk is paramount.

The Child Safe Standards

Standard 1: Leadership and Culture

Child safety and wellbeing is embedded in the entity's organisational leadership, governance, and culture.

Standard 2: Voice of children

Children are informed about their rights, participate in decisions affecting them and are taken seriously.

Standard 3: Family and community

Families and communities are informed and involved in promoting child safety and wellbeing.

Standard 4: Equity and diversity

Equity is upheld and diverse needs respected in policy and practice.

Standard 5: People

People working with children are suitable and supported to reflect child safety and wellbeing values in practice.

Standard 6: Complaints management

Processes to respond to complaints and concerns are child-focused.

Standard 7: Knowledge and skills

Staff and volunteers of the entity are equipped with the knowledge, skills, and awareness to keep children safe through ongoing education and training.

Standard 8: Physical and online environments

Physical and online environments promote safety and wellbeing and minimise the opportunity for children to be harmed.

Standard 9: Continuous improvement

Implementation of the Child Safe Standards is regularly reviewed and improved.

Standard 10: Policies and procedures

Policies and procedures document how the entity is safe for children.

Universal Principle

Requires child safe entities to provide an environment that promotes and upholds the right to cultural safety.

Safeguarding Focus Areas

The 10 standards are grouped under four key focus areas:

The Universal Principle

Ensuring cultural safety through the Universal Principle is essential for Aboriginal and Torres Strait Islander students and families.

While the Principle intentionally focuses on First Nations children, the cultural safety indicators which make up the Principle are designed to adopt a proactive and comprehensive approach to safeguarding, ensuring that policies, and practices are inclusive for all children, particularly those who may be marginalised or vulnerable. The Universal Principle is embedded within all 10 Standards.

Cultural Safety Indicators

- 1 Transformational unlearning** – Organisations must challenge unconscious bias, racism, and discrimination within their structures and workforce.
- 2 Negotiating values, motivations, and paradigm** – Policies and programs should be co-designed with Aboriginal and Torres Strait Islander communities to reflect their perspectives on child safety.
- 3 Prioritising social and emotional wellbeing and health** – A holistic, strengths-based approach must be adopted to support the wellbeing of Aboriginal and Torres Strait Islander children, staff, and families.
- 4 Sharing power and decision-making** – Decision-making processes should be led or co-led by Aboriginal and Torres Strait Islander peoples to ensure genuine partnerships.
- 5 Sharing resources** – Organisations should dedicate resources to Aboriginal and Torres Strait Islander led initiatives, research, and governance mechanisms, where appropriate.
- 6 Creating a strategic enabling environment** – Leadership must set clear priorities and accountability structures ensure cultural safety into daily operations.
- 7 Operating on Aboriginal and Torres Strait Islander terms of reference** – Service delivery to Aboriginal and Torres Strait Islander children should be grounded in Aboriginal and Torres Strait Islander knowledge systems and self-determination principles.
- 8 Accountability and continuous quality improvement** – Progress should be measured using Aboriginal and Torres Strait Islander-defined success indicators, ensuring sustained improvement.

The Cultural Capability Framework

This framework enables Brisbane Catholic Education to develop a workforce grounded in Aboriginal and Torres Strait Islander cultural humility, enabling responsive and innovative practices that contribute to Reconciliation. The Cultural Capability Framework and Molum Sabe assists our workforce to critically reflect on individual and organisational practices and develop effective practices across four cultural standards:

Teaching

Culturally responsive teachers and education professionals create the conditions for respectful relationships with Aboriginal and Torres Strait Islander peoples, and learning of knowledges, identities, cultures and languages.

Relationships

We develop relationships and connections with Aboriginal and Torres Strait Islander employees, students, families and communities to build and sustain inclusive and culturally safe practices and environments.

Environment

We establish an inclusive and culturally safe environment, where Aboriginal and Torres Strait Islander employees, students, families and communities feel a sense of belonging and connection.

Leadership

All employees are accountable for building and sustaining inclusive and culturally safe practices and environments with Aboriginal and Torres Strait Islander employees, students, families, and communities. Leaders have additional responsibilities to articulate a clear vision and provide ongoing cultural capability development opportunities for employees.

Standard 1: Leadership and Culture

Child safety and wellbeing is embedded in the entity's organisational leadership, governance, and culture¹

Brisbane Catholic Education's commitment to Standard 1

At BCE, student safety is central to how we plan, think and act, shaping a safeguarding culture that protects their safety and wellbeing. We use a whole of organisation approach; led by strong leadership, embedded in practice and supported through shared responsibility. Clear policies, codes of conduct, Student Protection Processes and risk management plans set behavioural expectations and guide how we keep children safe. Our Safeguarding Policy aligns with the Archdiocese of Brisbane Safeguarding Framework and is available on our website. Leaders are accountable for ensuring these requirements are followed and continually improved. Safeguarding is a system critical foundation of the BCE Strategic Plan 2025–2027 and an identified enterprise risk, monitored through regular monitoring, internal audits and escalation pathways. Governance transparency is reinforced through quarterly reporting to the BCE Executive Team, Safeguarding Committee and Catholic Education Council, including assessments of practice effectiveness and improvement progress. We take a strong stand against discrimination, bias or harm toward any child and are committed to cultural safety for Aboriginal and Torres Strait Islander peoples.

What Standard 1 looks like at our school:

At Holy Spirit School, Bray Park, child safety and wellbeing are embedded within leadership, governance and daily practice. Safeguarding is a shared responsibility and is prioritised through visible leadership, clear systems and a strong culture of care that places students at the centre of decision-making. We ensure Aboriginal and Torres Strait Islander children, families and community feel welcome, safe, valued, included and respected. We publicly display visual representations such as Aboriginal and Torres Strait Islander flags and our Yarning Circle as a centre piece to our school.

Student and staff safety and wellbeing are the first agenda item at weekly leadership meetings, ensuring safeguarding considerations inform all decisions. The Principal and leadership team model safeguarding expectations, reinforce consistent language and behaviours, and support staff through clear reporting and line-management structures.

Strong governance arrangements support a coordinated approach to safeguarding. The Student Protection Contact team, Guidance Counsellor and leadership team meet regularly to monitor wellbeing, respond to concerns and ensure appropriate supports are in place. The Student Support Team prioritises Requests for Support to enable timely, collaborative responses.

Safeguarding is embedded in everyday school life through classroom Welcome Circles, The Resilience Project, and ongoing student learning about safe people, safe places and help-seeking. The school is committed to strengthening cultural safety through consultation and continual improvement.

¹ Alignment with National Catholic Safeguarding Standard (NCSS): Standard 1: Committed Leadership Governance and Culture | Working with Children (Risk Management and Screening) Regulation 2020 (Qld), Schedule 1, Section 2(1), (2)(a) and (2)(b) | Education (Accreditation of Non-State Schools) Regulation 2017 (Qld) s 6 (1), (2) and s9 (e)

Standard 2: Voice of children

Children are informed about their rights, participate in decisions affecting them and are taken seriously²

Brisbane Catholic Education's commitment to Standard 2

We strive to create a culture where every child feels safe, heard and confident to share their ideas or concerns. Our employees and volunteers are supported to engage respectfully with students, listen carefully, and respond to their immediate needs. BCE's school safeguarding storybooks and animation series help explain our policies, processes and key safeguarding concepts to students in age appropriate ways. We also support schools to deliver Consent and Respectful Relationships Education so students understand their rights, identify trusted adults, and build positive, healthy and respectful relationships. Each year, students across all BCE schools are invited to share their views through the *Tell Them From Me* survey. This feedback helps us understand how students are feeling, their concerns and how we can strengthen safety and support in our schools. Our Student Voice Program gives students a platform to contribute to BCE wide decisions affecting their safety, wellbeing and learning. Our Archdiocesan First Nations Student Representative Council and our Aboriginal and Torres Strait Islander Education Team help co-design culturally safe policies and practices.

What Standard 2 looks like at our school:

At Holy Spirit, Bray Park, students are informed about their rights, have opportunities to participate in decisions affecting them, and are taken seriously.

Students learn about rights, personal safety, consent, respectful relationships, and help-seeking through the Australian Curriculum: Health and Physical Education. These messages are reinforced consistently through assemblies, wellbeing programs, targeted safety campaigns, visible SPC messaging, and regular reminders of trusted adults.

Student voice is actively gathered through Tell Them From Me data, welcome circles, classroom check-ins, feedback opportunities, restorative conversations, behaviour support processes, and case management meetings. When students raise concerns, these are followed up in a timely and responsive manner by teachers, leadership, inclusion staff, the Student Support Team, and external services where required.

Students are supported to contribute to decisions that impact them through involvement in Personalised Support Plans and Behaviour Support Plans. At a whole-school level, a Student Voice Council has been established to further strengthen student participation in school planning and improvement.

Cultural safety remains a priority, with ongoing focus on ensuring all students feel safe, respected, included, and confident to express their views.

² Alignment with National Catholic Safeguarding Standards: Standard 2 Children and Adults Are Safe, Informed and Participate | Working with Children (Risk Management and Screening) Regulation 2020 (Qld) sch 1 s 2(8) (a) (ii) | Education (Accreditation of Non-state schools) Regulation (Qld) 2017 s 16(4) (a)–(b)

Standard 3: Family and community

Families and communities are informed and involved in promoting child safety and wellbeing³

Brisbane Catholic Education's commitment to Standard 3

Student safety, wellbeing and learning are best supported when families and schools work together and share responsibility for protecting students. At BCE, we believe informed and engaged families and communities are essential to creating safe learning environments. We support schools to partner with families in ways that are consistent, respectful, culturally safe and shaped by local needs. We also make sure families and community members have clear, accessible information about our safeguarding approach and how to raise concerns. Each year, parents and caregivers share their perspectives through the *Tell Them From Me* Parent Survey. This feedback helps BCE understand family experiences and concerns, guiding improvements that make our schools safer and more supportive for students.

What Standard 3 looks like at our school:

Holy Spirit School communicates safeguarding expectations to families through BCE Connect, the school website, newsletters, and parent information sessions. Safeguarding messages are shared in clear, parent-friendly language and aligned with BCE Child Safety and Wellbeing expectations, ensuring families understand their shared responsibility in maintaining a safe environment for all students.

Families and the wider community are actively invited to participate in safety and wellbeing initiatives, including school events, wellbeing programs such as The Resilience Project, and parent engagement opportunities. These initiatives promote strong partnerships and reinforce a collective approach to student safety and wellbeing.

The school engages the P&F and community partners through regular meetings, consultation processes, and community events that build connection and trust. Partnerships with external agencies, parish, and cultural groups further strengthen the school's capacity to provide inclusive and culturally responsive safeguarding practices.

Feedback is gathered through surveys (e.g. Tell Them From Me), parent forums, BCE Connect communication, and informal engagement opportunities. This feedback is reviewed by the leadership team, with key themes informing school planning, communication strategies, and improvements to safeguarding practices. Evidence of practice includes documented communication on BCE Connect, newsletters, engagement events, and survey data analysis. Planned improvements focus on strengthening parent voice in decision-making, increasing opportunities for meaningful engagement, and ensuring safeguarding processes remain visible, responsive, and aligned with continuous improvement priorities.

³ Alignment with National Catholic Safeguarding Standards: Standard 3 Partnering With Families Carers And Communities | Working with Children (Risk Management and Screening) Regulation 2020 (Qld) sch 1 s 2(8) (a) (ii) | Education (Accreditation of Non-state schools) Regulation (Qld) 2017 s 16(4) (a)–(b)

Standard 4: Equity and diversity

Equity is upheld and diverse needs respected in policy and practice⁴

Brisbane Catholic Education's commitment to Standard 4

Every student deserves to flourish and has the right to learn in a safe, supportive and inclusive environment, free from discrimination, bullying and harassment. BCE supports all students, regardless of background, identity or ability, to access and fully participate in their learning. We embed equity at the heart of our culture through the Student Diversity and Inclusion Policy, the Student Wellbeing Policy and the Queensland Catholic Education Council's Inclusive Practice in Catholic Schools. We expect school practices to reflect each child's circumstances and needs, and to prioritise culturally safe, trauma informed approaches in planning, communication and engagement. The Engage Student Support System and the Multi Tiered System of Supports (MTSS) help schools provide a student centred, comprehensive continuum of support. These systems enable collaborative, targeted and personalised assistance for diverse learners. We also provide children with opportunities to learn about different cultures, people and communities through the Aboriginal and Torres Strait Islander Histories and Cultures Cross Curriculum Priority and the Australian Curriculum.

What Standard 4 looks like at our school:

Holy Spirit School promotes equity and inclusion through a commitment to the dignity of each child, embedded in the GROW expectations and BCE values. Students are supported to feel safe, respected and a strong sense of belonging.

Supports and adjustments are provided through personalised support plans, targeted intervention, and collaboration with Inclusion staff and specialists. These are informed by ongoing assessment and NCCD processes.

Cultural safety and anti-discrimination practices are embedded through inclusive teaching, staff training, and partnerships with families and community. Respect for diversity, including Aboriginal and Torres Strait Islander perspectives, is explicitly promoted.

Students access safeguarding information through age-appropriate lessons, The Resilience Project, PB4L messaging, assemblies and classroom discussions, ensuring they know how to seek help and stay safe. Evidence includes NCCD documentation, student support plans, Engage wellbeing data, and program implementation. Planned improvements focus on strengthening student voice, enhancing culturally responsive practices, and increasing visibility of safeguarding information.

⁴ Alignment with National Catholic Safeguarding Standards: Standard 4 Equity Is Promoted And Diversity Is Respected | Working with Children (Risk Management and Screening) Regulation 2020 (Qld) sch 1 s 2(3) (a) (ii) | Education (Accreditation of Non-State Schools) Regulation 2017 (Qld) s 11, s 15 (a)

Standard 5: People

People working with children are suitable and supported to reflect child safety and wellbeing values in practice⁵

Brisbane Catholic Education's commitment to Standard 5

BCE supports schools to ensure that everyone working or volunteering with students is suitable, safe and capable of upholding child safety and wellbeing. Our recruitment and screening processes embed safeguarding at every stage, from role design and advertising through to interviews, reference checks, onboarding and performance development. The Employee and Volunteer Screening Procedure includes a role risk matrix, Blue Card screening requirements and clearly defined responsibilities. These help leaders identify potential risks to student safety and wellbeing and respond appropriately. BCE's Human Resource Information System, Ignite, operationalises these procedures and helps employees monitor and maintain their safeguarding screening requirements. Our Procurement Procedure requires all external providers engaging with BCE offices or schools to be child safe and compliant with relevant legislation. The Risk Management Framework guides how we monitor safeguarding practices in schools through established quality control mechanisms. These processes ensure schools can safely engage employees, volunteers and third parties, with appropriate oversight, training and supervision in place before any child related work occurs.

What Standard 5 looks like at our school:

In line with our implementation plan, at the end of Term 4 we will explain:

- How we screen and onboard employees, volunteers and third parties
- How we ensure safe supervision and conduct
- How we apply BCE recruitment and HR procedures for employees and volunteers
- How we track and keep safeguarding screening requirements current
- Evidence of practice and planned improvements

⁵ Alignment with National Catholic Safeguarding Standards: Standard 5 Robust Human Resource Management | Working with Children (Risk Management and Screening) Regulation 2020 (Qld) sch 1 s 2(8)(b) | Education (Accreditation of Non-State Schools) Regulation 2017 (Qld) s 15 (b)

Standard 6: Complaints management

Processes to respond to complaints and concerns are child focused⁶

Brisbane Catholic Education's commitment to Standard 6

BCE fosters a culture where concerns about safety and wellbeing can be raised openly, respectfully and without fear. We support child focused complaint pathways that are accessible to students, families, employees and community members. Our policies and procedures outline reporting requirements, cooperation with authorities, and expectations for timely and safe responses to concerns. From 1 July 2026, BCE will implement Queensland's Reportable Conduct Scheme. This means BCE will report any reportable allegation or conviction, conduct investigations, provide interim and final reports to the Queensland Family and Child Commission, and immediately notify police of any suspected criminal conduct within required timeframes. BCE provides guidance and training to ensure complaints are handled in trauma informed and culturally safe ways, supported by Aboriginal and Torres Strait Islander Participation Officers and expertise from safeguarding, student protection, legal, wellbeing, school operations and program teams, and employee relations and investigations teams. System wide improvements are strengthening complaint handling processes, creating clearer pathways and embedding safeguarding expertise across the framework. These structures help schools respond to concerns with transparency, sensitivity and procedural fairness.

What Standard 6 looks like at our school:

At Holy Spirit School, Bray Park, complaints and concerns are managed in line with Brisbane Catholic Education processes so responses are child-focused, respectful, timely and thorough.

Students and families can raise concerns through teachers, Student Protection Contacts and school leadership, using in-person meetings, phone conversations or direct communication. Families are also reminded through the school newsletter and BCE Connect about how to access the complaints process. Complaints are documented using BCE complaints record-keeping procedures. Leadership reviews concerns, maintains confidentiality, follows up actions and escalates or reports matters to relevant authorities where required.

Where a concern falls within the Reportable Conduct Scheme, the school follows BCE requirements for reporting, record keeping, escalation and cooperation with the relevant authorities. When a complaint involves a student, staff listen carefully, use developmentally appropriate and trauma-informed approaches, involve suitable support people and work to ensure the student feels safe, supported and heard without causing further distress.

Planned improvements are to establish a culturally safe complaint-support pathway for Aboriginal and Torres Strait Islander students and families, and to co-design a child-friendly, culturally responsive guide that explains how to raise a concern, available support people and what happens next.

⁶ Alignment with National Catholic Safeguarding Standards: Standard 6 Effective Complaints Management | Working with Children (Risk Management and Screening) Regulation 2020 (Qld) sch 1 s 2 (4) (b) | Education (Accreditation of Non-State Schools) Regulation 2017 (Qld) s7 | Child Safe Organisations Act (Qld) Chapter 3

Standard 7: Knowledge and skills

Staff and volunteers of the entity are equipped with the knowledge, skills, and awareness to keep children safe through ongoing education and training⁷

Brisbane Catholic Education's commitment to Standard 7

BCE builds a confident, capable and culturally aware workforce committed to children's safety and wellbeing. Our Mandatory Safeguarding Training Framework sets clear onboarding and refresher requirements for all employees. Every year, BCE employees complete online student protection training covering indicators of child harm, grooming behaviours, how to respond to disclosures and mandatory reporting requirements. School staff also participate in additional face to face training each term on topics related to student safety and wellbeing. Staff who serve as Student Protection Contacts (SPCs) receive advanced training in managing disclosures and supporting colleagues to keep students safe. Volunteers and third party providers complete mandatory safeguarding onboarding before commencing any child related work, along with annual refreshers recorded in school registers in line with the Volunteer Policy and Procedure and Third Party Safeguarding Guidelines. BCE has developed a Cultural Learning Plan and Cultural Capability Framework to strengthen cultural competency and responsiveness, promote cultural safety and BCE's Ngutana-Lui Centre provides curriculum-aligned cultural learning for students and staff. All employee training is tracked through BCE's Learning Management System (iLearn), which issues automated reminders and provides compliance reports to managers.

What Standard 7 looks like at our school:

In line with our implementation plan, at the end of Term 4 we will explain:

- How employees, volunteers and third parties complete required safeguarding training
- How the school reinforces safeguarding practice throughout the year
- How cultural capability is embedded in training
- How the school monitors and supports employees and volunteers to undertake mandatory training
- Evidence of practice and planned improvements

⁷ Alignment with National Catholic Safeguarding Standards: Standard 7 Ongoing Education and Training | Working with Children (Risk Management and Screening) Regulation 2020 (Qld) sch 1 s 2(8)(b) | Education (Accreditation of Non-State Schools) Regulation 2017 (Qld) s16, 4 (c)

Standard 8: Physical and online environments

Physical and online environments promote safety and wellbeing and minimise the opportunity for children to be harmed⁸

Brisbane Catholic Education's commitment to Standard 8

BCE is committed to creating healthy, safe and productive physical and online environments that support student wellbeing, prevent harm and safeguard everyone involved in our activities. We take a holistic, strengths-based approach that recognises all dimensions of a child's wellbeing – physical, social, spiritual, emotional and cultural. Building plans are reviewed with a focus on environmental risks that may affect children's safety. The BCE Health, Safety and Wellbeing (HSW) Policy and BCE Safeguarding Guidelines for School Design provide practical guidance to build safe, inclusive spaces with strong visibility, supervision and access control. To support online safety, BCE aligns with the eSafety Commissioner's Best Practice Framework and delivers the Australian Curriculum for Online Safety (P–10). The Acceptable Use of Devices and Digital Resources agreement promotes safe digital behaviour and is supported by content filters and monitoring tools. Policies such as the Employee Code of Conduct, IT Acceptable Use Policy and Privacy Policy outline expectations for safe online behaviour. BCE provides guidance to help schools maintain safe digital environments, and student safety considerations are embedded in risk assessments, school risk registers and organisation wide risk management processes.

What Standard 8 looks like at our school:

Holy Spirit School takes a holistic, strengths-based approach to physical and online safety, recognising the importance of students' physical, social, emotional, spiritual and cultural wellbeing across learning, play, supervision, movement, technology use and support processes.

Physical safety risks are identified and monitored through duty rosters, leadership review, staff observations, incident and injury data, student voice and student support processes. Staff expectations are reinforced through weekly memos, the Staff Portal and leadership reminders. Students identify visible staff in fluoro vests, designated play areas, buddy systems, peer mediation and clear movement routines as practices that help them feel safe.

Withdrawal and one-to-one support spaces balance privacy with visibility, line of sight and adult accountability, including the use of glass doors or windows where possible. Planning also considers individual student needs and vulnerabilities, including sensory, communication, safety and wellbeing needs.

Online safety is supported through student iPad agreements, annual iPad Bootcamp expectations, password practices, classroom monitoring, weekly internet-use reports, staff follow-up and family communication. This is strengthened through digital citizenship learning and engagement with trusted programs and services such as ThinkUKnow and Kids Helpline, which provide age-appropriate information about online safety, help-seeking, respectful relationships and wellbeing support. These partnerships complement school-based wellbeing programs, Student Protection Contact messaging, curriculum learning and family communication.

Planned improvements include implementing a termly process to monitor high-risk areas and strengthening safe technology use and online supervision, including consistent monitoring, supervision tools, safe website access and improved teacher visibility of student devices.

⁸ Alignment with National Catholic Safeguarding Standards: Standard 8 Safe Physical And Online Environments | Working with Children (Risk Management and Screening) Regulation 2020 (Qld) | Education (Accreditation of Non-State Schools) Regulation 2017 (Qld) s 18 (1) s19

Standard 9: Continuous improvement

Implementation of the Child Safe Standards is regularly reviewed and improved⁹

Brisbane Catholic Education's commitment to Standard 9

BCE is committed to continual review, learning and strengthening of safeguarding practice across both system and school levels. Ongoing improvement ensures our policies, frameworks and practices evolve in response to emerging issues, data and feedback, and remain effective in preventing harm and promoting wellbeing. System wide reviews are carried out by the Assurance Team, Risk and Compliance Team and through school accreditation processes. These reviews assess the effectiveness of safeguarding measures and identify opportunities to strengthen practice. Critical incidents also trigger structured post incident reviews to identify risks, evaluate responses and enhance wellbeing supports for students and employees. Governance committees, including Safeguarding, Risk and Assurance, and People and Safety, monitor trends and support system wide improvements. Schools are supported to monitor their own safeguarding indicators, such as Blue Card compliance, attendance, bullying and wellbeing data, enabling a local cycle of review, reflection and continuous improvement.

What Standard 9 looks like at our school:

At Holy Spirit School, Bray Park, continuous improvement in safeguarding is embedded through regular review, data analysis and consultation. The school draws on multiple sources of evidence to evaluate the effectiveness of safeguarding practices, including safeguarding dashboard data, staff feedback and student voice.

Student voice is intentionally gathered through school-based surveys, The Resilience Project surveys and the Tell Them From Me survey, providing insight into students' sense of safety, belonging and wellbeing. This data is analysed alongside staff feedback and wellbeing information to identify trends, strengths and areas requiring improvement.

The Student Protection Contact team and leadership team meet regularly to review safeguarding concerns, monitor student wellbeing and evaluate the effectiveness of responses and supports. Requests for Support and wellbeing data inform targeted actions and school priorities, ensuring timely adjustments to practice where needed.

Holy Spirit School is committed to strengthening evaluation and reporting processes, including clearer communication of review outcomes and the development of more consistent measures to track progress over time, ensuring safeguarding practices remain responsive, evidence-based and continually improving.

⁹ Alignment with National Catholic Safeguarding Standards: Standard 9 Continuous Improvement | Working with Children (Risk Management and Screening) Regulation 2020 (Qld) sch 1 s 2(6)(a) | Education (Accreditation of Non-State Schools) Regulation 2017 (Qld) s20

Standard 10: Policy and procedures

Policies and procedures document how the entity is safe for children¹⁰

Brisbane Catholic Education's commitment to Standard 10

The Archdiocese of Brisbane Safeguarding Framework guides safeguarding practice across all Catholic entities, including BCE. The BCE Safeguarding Policy sits within this framework and is supported by a range of policies, procedures and guidelines designed to protect student safety and wellbeing. Under the BCE Policy Governance Framework, all policies are reviewed at least every three years through consultation, governance checks and formal approval. This ensures they remain current, reflect best practice and continue to support student safety, wellbeing and cultural safety. Consultation ensures policies reflect lived experience and meet the diverse needs of school communities. BCE is also working to make policies easier to understand and use, including creating child friendly resources. Policies and procedures are accessible to students, families, volunteers and third parties through BCE and school websites, and are available internally to employees through Spire. Safeguarding responsibilities are embedded in the BCE Leadership Capability Framework, ensuring leaders consistently communicate, model and apply policy requirements.

What Standard 10 looks like at our school:

At Holy Spirit School, Bray Park, safeguarding policies and procedures are clearly documented, accessible and embedded in everyday practice. The school implements Brisbane Catholic Education policies and procedures, which are regularly reviewed and updated to align with the Child Safe Standards and the Universal Principle.

Key safeguarding processes are communicated consistently to staff, students and families through staff meetings, student learning, the parent handbook, newsletters and BCE Connect. Leadership reinforces expectations through regular staff communication, professional learning and modelling of safe, respectful and compliant practice.

Our Student Behaviour Support Plan is one example of our policies that demonstrates clear processes for responding to student wellbeing, managing concerns and ensuring appropriate escalation and support. Leadership visibility and regular classroom visits reinforce safe supervision, respectful interactions and adherence to safeguarding expectations.

Holy Spirit School is committed to strengthening policy implementation through increased staff understanding and consistency of practice, and by continuing to develop culturally inclusive procedures. Ongoing consultation and reflection ensure policies move beyond compliance and are actively lived, understood and responsive to the needs of students, families and the wider school community.

¹⁰ Alignment with National Catholic Safeguarding Standards (NCSS): Standard 10 Policies And Procedures Support The Safety Of Children And Adults | Working with Children (Risk Management and Screening) Regulation 2020 (Qld) s 2 (3-6) | Education (Accreditation of Non-State Schools) Regulation 2017 (Qld)
